

**WASTE APPROVAL APPLICATION**

GENERATOR INFORMATION			
<b>Generator Name:</b>	Company:		
<b>Generator Mailing Address:</b>	Street:		
	City/Town:	Province:	Postal Code:
<b>Generating Location:</b>	Street:		
	City/Town:	Province:	Postal Code:
<b>Generator Contact:</b>	Name:		
	Phone:	Fax:	

INVOICING INFORMATION			
<input type="checkbox"/> Check here if invoicing information is the same as above			
<b>Company Name:</b>	Company:		
<b>Company Mailing Address:</b>	Street:		
	City/Town:	Province:	Postal Code:
<b>Contact:</b>	Name:		
	Phone:	Fax:	
<b>Job ID/PO #:</b>			

ENVIRONMENTAL CONSULTANT			
<b>Consultant Name:</b>	Name:		
<b>Consultant Mailing Address:</b>	Street:		
	City/Town:	Province:	Postal Code:
<b>Consultant Contact:</b>	Name:		
	Phone:	Fax:	

CONTAMINANT CLASSIFICATION						
	Analysed (please check applicable)		Classification (highest concentration) (please check applicable)			
	Yes	No	Classification criteria based on CSR Sched 7 and BC HW Regulation			
			<Col II	<Col IV	>Col IV	HW
Benzene/Toluene/Ethylbenzene/Xylene (BTEX)						
Volatile Petroleum Hydrocarbons (VPH)						
Light Extractable Petroleum Hydrocarbons (LEPH)						
Heavy Extractable Petroleum Hydrocarbons (HEPH)						
Polycyclic Aromatic Hydrocarbons (PAH)						
Metals, specify PCOC metals						
Other contaminants:						
<b>Analytical data</b> (please check applicable):	Attached			To Follow		

WASTE INFORMATION					
<b>Source of Contamination (e.g. oil tank release):</b>					
<b>Soil Type (please check all that apply):</b>	Gravel	Sand	Silt	Clay	Topsoil
<b>Physical State (please check all that apply):</b>	Dry		Wet		Sludge
<b>Volume:</b>	Tonnes:		m3:		
<b>Start Date:</b>	Date:				
<b>Shipping Mode:</b>	Drum	Super sac	Roll off	Tandem Truck	
	Truck & Pup	Truck & Transfer	Other:		
<b>Additional Comments:</b>					

The generator represents and warrants to Envirogreen Technologies Ltd., which representation and warranty Envirogreen is entitled to rely upon in making a decision to treat the Generator’s waste, that: (a) the description of the waste to be delivered by the Generator to Envirogreen under Waste Approval Application is complete and not misleading; and (b) this Waste Approval Application does not omit any material fact which should be known by Envirogreen in treating the Generator’s waste.
