JOB POSTING

Position:
Maintenance Working Foreperson

Work Site
Envirogreen Technologies Ltd. Contaminated Waste Treatment Facility is located approximately 20 KM Southwest of Princeton, B.C. V0X 1W0.

About Envirogreen Technologies
Envirogreen Technologies Ltd. (ETL) is an established waste management company, leading the way in the treatment of hazardous and non-hazardous wastes. Our permitted hazardous waste treatment facility located outside of Princeton, BC, utilizes thermal desorption technology to treat a wide range of industrial waste and contaminated soil.

The Opportunity
ETL is looking for a motivated Maintenance Working Foreman with proven experience to join our team.
The Plant Maintenance Foreman works under the direction of the Designated Supervisor and works with other employees within the company to ensure safe work practices and policies, compliances and regulations are adhered.

The Plant Maintenance Foreman is responsible for overseeing plant maintenance and reporting any deficiencies or abnormalities to their supervisor.

The Maintenance Foreman will work closely with facility staff to create a positive and safe working environment, be a resource to management and facility staff for health and safety information and promote health and safety programs in the workplace.

Requirements
- High School Diploma or equivalent
- Experience in working in a production/industrial setting
- Experience in installation, repair and maintenance of facilities, machinery and equipment
- At least 3 years of experience in a Foreman position
- Must be able to problem solve and train new employees
- Must be able to perform safe work practices
- Provide strong work ethic, be a positive team player, be able to mentor new crew members, and be able to lead by example
- Basic understanding of office computer software and systems
- Valid Class 5 driver's licence and access to reliable transportation
- This safety-sensitive position must be filled immediately. Pre-employment drug and alcohol testing is required for this safety-sensitive position as immediate site access is required

Core Job Duties

- Ensure staff are completing tasks and duties in a safe and timely manner
- Coach employees
- Coach staff on proper ergonomics, and conduct work observations
- Ensure that water supply is winterized correctly at the end of operating days, and that the water system is prepared for start-up
- Direct all mechanical work that falls under the maintenance group
- Liaise with plant operations as needed, communicate any pertinent details to direct supervisor
- Conduct daily toolbox meeting with maintenance staff and fill out relevant paperwork
- Produce content for toolboxes, with input from direct supervisor
- Elevate any serious repairs to direct supervisor
- Maintain consumables/steel stock and report inventory levels to Supervisor, as a list
- Report any employee concerns to Supervisor
- Maintain active supervision of employees throughout the day
- Oversee specific projects.
- Identify areas of improvement, mechanically or through systems.
- Equipment operation as needed
- Perform maintenance tasks as needed
- Complete daily safety paperwork
- All other duties as requested by supervisor or manager

ETL has a competitive compensation plan including health benefit package, Group Retirement Savings program, supporting training, and PPE allowances and monthly production bonuses.
Hourly Wage of $40.00 to $50.00. (The successful candidate is required to work on 8 days on 6 days off rotation with guaranteed overtime).

- Please note, the salary range mentioned in this job posting should serve as a guide. The final compensation offered may vary based on a variety of factors including bonuses and/or incentives, or a candidate's skills and experience. Envirogreen Technologies Ltd. is committed to providing a fair, equitable, and competitive rewards package that reflects the value an individual brings to our organization.
- Envirogreen Technologies Ltd; is an equal opportunity employer, and we do not discriminate on the basis of race, religion, color, national origin, sex, gender, gender expression, sexual orientation, age, marital status, veteran status, or disability status.

Qualified applicants to send resume to Envirogreen Technologies Ltd. at: careers@envirogreentech.com

Qualified applicants should visit Envirogreen Technologies website: www.envirogreentech.com

About Princeton

Princeton, one of the sunniest places in BC, sits at the junction of the Similkameen and Tulameen rivers in the South Okanagan, East of the Cascades. The mountains, valleys, and hundreds of kilometers of backcountry roads are a beautiful natural setting for year-round outdoor activities. The rivers and lakes are excellent for tubing, kayaking, swimming or trout fishing. The nearby Kettle Valley Rail Trail is great for hiking and cycling.

Other amenities in Princeton include an outdoor pool, arena, curling club, bowling alley, golf course, basketball court, splash park, skate and bike park, community centre, theatre, library, and museum. For the hockey enthusiast, Princeton is the home of the Princeton Posse, a junior hockey club. There is also a regional airport, a riding club, music society, garden club, ATV club and many other organizations to get involved with.
