

JOB POSTING

Position:

Instrumentation & Controls / Burner Technician

Work Site

Envirogreen Technologies Ltd. Contaminated Waste Treatment Facility is located approximately 20 KM Southwest of Princeton, B.C. V0X 1W0.

About Envirogreen Technologies

Envirogreen Technologies Ltd. (ETL) is an established waste management company, leading the way in the treatment of hazardous and non-hazardous wastes. Our permitted hazardous waste treatment facility located outside of Princeton, BC, utilizes thermal desorption technology to treat a wide range of industrial waste and contaminated soil.

The Opportunity

ETL is looking for a motivated Instrumentation & Controls / Burner Technician with proven experience to join our team. The Instrumentation & Controls / Burner Technician works under the direction of the Plant Supervisor and any assigned Supervisors and works with other employees within the company to ensure safe work practices and policies, compliances and regulations are adhered.

The Instrumentation & Controls / Burner Technician will troubleshoot/repair propane burners, troubleshoot/repair/install instrumentation and controls in the plant, provide input to improve existing systems, provide mechanical assistance as required, operation of equipment such as skid steer loader, forklift, aerial platform, uphold / follow company policies and procedures as outlined and undertake other duties as assigned by manager or supervisor.

The Instrumentation & Controls / Burner Technician will work closely with facility staff to create a positive and safe working environment, be a resource to management and facility staff for health and safety information and promote health and safety programs in the workplace.

Requirements

- Successful completion of high school diploma or equivalent
- Instrumentation and Controls Technician red seal or equivalent
- Strong Instrumentation and Controls experience is a must
- Automation experience is considered valuable but not a must
- Gas fitting experience or being comfortable with learning to work with propane is acceptable
- Experience with CEMS positive preferred but not a must
- Willing to attend training as necessary
- Willing to work in all weather conditions
- Class 5/7 driver's licence and reliable transportation

Core Job Duties

- Troubleshoot/repair propane burners
- Troubleshoot/repair/install instrumentation and controls in the plant
- Provide input to improve existing systems
- Provide mechanical assistance as required
- Equipment operation such as skid steer loader/forklift/aerial platform
- Uphold / follow company policies and procedures as outlined
- Undertake other duties as assigned by manager/ supervisor

Work Conditions

- High noise areas – hearing protection may be required
- High dust levels – respiratory protection may be required
- Hazardous materials – proper PPE selection for task required
- Weather conditions – position is outdoors 12 months/year

ETL has a competitive compensation plan including health benefit package, Group Retirement Savings program, supporting training, and PPE allowances.

About Princeton

Princeton, one of the sunniest places in BC, sits at the junction of the Similkameen and Tulameen rivers in the South Okanagan, East of the Cascades. The mountains, valleys, and hundreds of kilometers of backcountry roads are a beautiful natural setting for year-round outdoor activities. The rivers and lakes are excellent for tubing, kayaking, swimming or trout fishing. The nearby Kettle Valley Rail Trail is great for hiking and cycling.

Other amenities in Princeton include an outdoor pool, arena, curling club, bowling alley, golf course, basketball court, splash park, skate and bike park, community centre, theatre, library, and museum. For the hockey enthusiast, Princeton is the home of the Princeton Posse, a junior hockey club. There is also a regional airport, a riding club, music society, garden club, ATV club and many other organizations to get involved with.
