

Site Labourer – Job Description

Title

Site Labourer

Reports To

Yard Manager

Work Site

Envirogreen Technologies Ltd. Contaminated Waste Treatment Facility is located approximately 20 KM Southwest of Princeton, B.C. V0X 1W0.

Summary

Envirogreen Technologies Ltd. (ETL) is an established waste management company, leading the way in the treatment of hazardous and non-hazardous wastes. Our permitted hazardous waste treatment facility, located outside of Princeton, BC, utilizes thermal desorption technology to treat a wide range of industrial waste and contaminated soil.

ETL is looking for a motivated Site Labourer with proven experience to join our team. The Site Labourer works under the direction of the Yard Manager and any assigned Supervisors and works with other employees within the company to ensure safe work practices and policies, compliances and regulations are adhered. The Site Labourer will be required to perform various tasks involving physical labour at the Work Site.

Main responsibilities will include; site and plant cleanup, inspections, mechanical maintenance work, heavy equipment operation, assist plant and equipment operators.

The Site Labourer will work closely with facility staff to create a positive and safe working environment, be a resource to management and facility staff for health and safety information and promote health and safety programs in the workplace.
