

JOB POSTING

Position

Heavy Duty Mechanic

(Permanent Full Time)

Work Site

Envirogreen Technologies Ltd. Contaminated Waste Treatment Facility is located approximately 20 KM Southwest of Princeton, B.C. VOX 1W0.

About Envirogreen Technologies

Envirogreen Technologies Ltd. (ETL) is an established waste management company, leading the way in the treatment of hazardous and non-hazardous wastes. Our permitted hazardous waste treatment facility located outside of Princeton, BC, utilizes thermal desorption technology to treat a wide range of industrial waste and contaminated soil.

The Opportunity

ETL is looking for a motivated and skilled Heavy-Duty Mechanic with proven experience to join our team. The Heavy-Duty Mechanic works under the direction of the designated Supervisor and works with other employees within the company to ensure safe work practices and policies, compliances and regulations are adhered.

The Job duties include:

- Perform scheduled service and maintenance repairs on all combustion powered facility equipment
- Report all facility mechanical deficiencies for maintenance and repair scheduling
- Maintain mechanical workshops and storage facilities in a clean, organized and safe manner
- Maintain an equipment service, maintenance and repair record
- Perform various welding and fabrication needs related to bucket and machine repair
- Responsible for tool inventory
- Maintain suitable inventory of all needed supplies for regular servicing of all site's mobile equipment
- Be able to work in a team environment with Mechanics Helper/Welder
- Participation in training on (PPE) Basics, WHMIS, TDG, Confined Space entry and rescue, fall protection, fire extinguisher training, first aid, mobile equipment awareness, aerial platform training and any other training assigned by the employer.
- Employee required to complete pre/post inspections on all tools and equipment
- General labour duties as required
- All other duties as requested by supervisor or manager

The Heavy-Duty Mechanic will work closely with facility staff to create a positive and safe working environment, be a resource to management and facility staff for health and safety information and promote health and safety programs in the workplace.

Requirements

- Successful completion of Heavy-Duty Equipment Technician certification
- Minimum of 3-5 years' experience in a similar role
- Valid Driver's license and access to a reliable vehicle

What We Offer

ETL has a competitive compensation plan including health benefit package, Group Retirement Savings program, onsite and offsite training, and PPE allowances.

Work Conditions

High noise areas – hearing protection may be required
High dust levels – respiratory protection may be required
Hazardous materials – proper PPE selection for task required
Weather conditions – position is outdoors 12 months/year
Heavy lifting
Repetitive movement
Equipment elevation changes
Work at height
Confined space

About Princeton

Princeton, one of the sunniest places in BC, sits at the junction of the Similkameen and Tulameen rivers in the South Okanagan, East of the Cascades. The mountains, valleys, and hundreds of kilometers of backcountry roads are a beautiful natural setting for year-round outdoor activities. The rivers and lakes are excellent for tubing, kayaking, swimming or trout fishing. The nearby Kettle Valley Rail Trail is great for hiking and cycling.

Other amenities in Princeton include an outdoor pool, arena, curling club, bowling alley, golf course, basketball court, splash park, skate and bike park, community centre, theatre, library, and museum. For the hockey enthusiast, Princeton is the home of the Princeton Posse, a junior hockey club. There is also a regional airport, a riding club, music society, garden club, ATV club and many other organizations to get involved with.
