

JOB POSTING

Position

Equipment Operator- Level 3

Wage : \$34.00- \$37.00 /Hour

Work Site

Envirogreen Technologies Ltd. Contaminated Waste Treatment Facility is located approximately 20 KM Southwest of Princeton, B.C. V0X 1W0.

About Envirogreen Technologies

Envirogreen Technologies Ltd. (ETL) is an established waste management company, leading the way in the treatment of hazardous and non-hazardous wastes. Our permitted hazardous waste treatment facility located outside of Princeton, BC, utilizes thermal desorption technology to treat a wide range of industrial waste and contaminated soil.

The Opportunity

ETL is looking for a motivated Equipment Operator with proven experience to join our team.

The Equipment Operator works under the direction of the Facility Manager and any assigned Supervisors and works with other employees within the company to ensure safe work practices and policies, compliances and regulations are adhered. The Equipment Operator will be required to operate mobile heavy equipment. Other responsibilities involve physical labour at the Work Site.

Main responsibilities include; operation of mobile heavy equipment including (but not limited to) Excavators, Loaders, Articulating Rock Trucks.

The Equipment Operator will work closely with facility staff to create a positive and safe working environment, be a resource to management and facility staff for health and safety information and promote health and safety programs in the workplace.

Requirements

- Minimum Education: High School or equivalent.
- Minimum 3 to 5 years' experience as an Equipment Operator
- Knowledge of workplace safety and safe lifting and handling procedures.
- License: Valid Class 5 driver's license and access to reliable transportation.
- Language: English.

Core Job Duties

- Support and promote safety and health projects and initiatives.
- Perform daily pre / post equipment inspections.
- Check heavy equipment using approved circle check procedures before operating them to ensure that mechanical, safety, and emergency equipment is in good working order.
- Daily equipment maintenance including greasing and cleaning.
- Provide feedback and maintenance requests to improve machine performance.
- Reporting equipment deficiencies to mechanic.
- Complete all necessary paperwork (may include, but is not limited to, daily logs, inspection logs, equipment inspection, hours of service, etc.)
- Communicate any unsafe conditions or accidents/injuries in a timely manner to the supervisor to facilitate prompt correction or reporting.
- Demonstrate continuous effort to improve operations, decrease turnaround times, streamline work processes, and work cooperatively and jointly to provide quality seamless service.
- Maintain a continuous feed of soil to the remediation plant to maintain high production numbers for daily goals.
- Coordinate soil blending and feed with plant operator to maximize production.
- Remove waste rock and metal from plant and transfer to designated locations.
- Stockpile soils as required to maintain an organized facility.
- Remove processed soil from the plant and organize transfer stockpiles for transfer tracking.
- Receiving trucks including assisting drivers with loads.
- General labour duties as assigned.
- Participate in required training programs including, but not limited to, WHMIS, TDG, confined space entry and rescue, fall protection, fire extinguisher use, first aid, mobile equipment awareness, aerial work platform, etc.
- Other duties as requested by supervisor or manager.

ETL has a competitive compensation plan including health benefit package, Group Retirement Saving program, supporting training, and PPE allowances.

Please note, the salary range mentioned in this job posting should serve as a guide. The final compensation offered may vary based on a variety of factors including bonuses and/or incentives, or a candidate's skills and experience. Envirogreen Technologies Ltd. is committed to providing a fair, equitable, and competitive rewards package that reflects the value an individual brings to our organization.

Envirogreen Technologies Ltd; is an equal opportunity employer, and we do not discriminate on the basis of race, religion, color, national origin, sex, gender, gender expression, sexual orientation, age, marital status, veteran status, or disability status.

Qualified applicants to send resume to Envirogreen Technologies Ltd. at: careers@envirogreentech.com

Qualified applicants should visit Envirogreen Technologies website: www.envirogreentech.com

About Princeton

Princeton, one of the sunniest places in BC, sits at the junction of the Similkameen and Tulameen rivers in the South Okanagan, East of the Cascades. The mountains, valleys, and hundreds of kilometers of backcountry roads are a beautiful natural setting for year-round outdoor activities. The rivers and lakes are excellent for tubing, kayaking, swimming or trout fishing. The nearby Kettle Valley Rail Trail is great for hiking and cycling.

Other amenities in Princeton include an outdoor pool, arena, curling club, bowling alley, golf course, basketball court, splash park, skate and bike park, community centre, theatre, library, and museum. For the hockey enthusiast, Princeton is the home of the Princeton Posse, a junior hockey club. There is also a regional airport, a riding club, music society, garden club, ATV club and many other organizations to get involved with.
